Hello Peter,

I am sorry the application submitted on January 2, 2006 is still on my desk, I keep things that I am currently dealing with right in front of me, so actually I had not moved it to the file folder yet. It certainly will be in the file for the future. I hope this answers your question. It was just an oversight as I assumed you were looking for earlier history parts of your file.

Have a good day

Hello David,

Can you tell me why the building permit application that was submitted on or about January 2, 2006 is missing from the city records?
