MAINE *Where history and progress meet*

May 31, 2006

Peter Wlodylo
173 Highland Ave.
Gardiner , Maine 04345

Dear Peter,

I am writing you to inform you I have begun processing your building permit application, dated 1/2/06. There are several items missing on your application. I need a plot plan diagram of your existing house on your lot as it stands before demolition with all measurements and set backs. Please note what rooms or parts you will be removing. I also need the plot plan diagram displaying the proposed work including set backs, lot dimensions and side view drawings . It would be helpful to conduct a site visit so I can assess the current status of construction . I look forward to hearing from you. Please let me know if you have any questions.

Sincerely,

David P. Cichowski
Code Enforcement Officer
